PRISON RAPE ELIMINATION ACT ANNUAL REPORT 2024

The Sangamon County Juvenile Center was dedicated and opened on October 26, 2000 as “A Continuum of Care for At-Risk Youth. This facility represents a commitment from the citizens of our community to any troubled youth confined within these walls, that we have not forgotten or abandoned you. It is our earnest hope that during your time spent here, you will come to realize that your young life has purpose, meaning, and promises. The Sangamon County Juvenile center originated as a 60,000 square foot single story building with a total of 48 individual sleeping rooms and 4 security rooms for secure detention. The facility originally was composed for two secure detention living units with 24 beds each and an additional 4 security beds, a residential side for the Community Transition Program (CTP) that was composed of 10 staff secure beds, education, medical, physical recreation, visitation, intake and administration areas. The facility also had Day-Evening Reporting Program where youth were referred by their probation offices and it operated during high risk hours from 3:00p.m.-8:00p.m. Since the opening of this building several changes have been made to the housing levels; our facility currently has 24 individual sleeping rooms and 4 security rooms, education, medical, mental health office, physical recreation, intake, and administration areas. The facility provides secure detention services for both male and female juveniles (ages 10-21) who have been accused of serious crimes, or who have been sentenced to the facility for a period to not exceed 30 days.

This modern faculty emphasizes access to education, physical and mental health care, recreation and religious services bringing all the components necessary to serve the many needs of the juvenile population. Focus is placed on intensive and ongoing staff training to better serve the residents of the facility. Policies reflect statutory regulations as well as the expectation and standards of the Illinois Department of Juvenile Justice, the Association of Illinois Courts and the Federal Prison Rape Elimination Act.

Facility Mission

The mission of The Sangamon County Juvenile Center is to reduce recidivism in the community and contributing to public safety by promoting positive behavior change.

Facility PREA Mission

To achieve compliance with the Prison Rape Elimination Act (PREA) by developing guidelines and policies for preventing, detecting, responding, monitoring and eradicating all sexual abuse and harassment within the Sangamon County Juvenile Center.

Purpose

The Prison Rape Elimination Act (PREA) is a federal law that prohibits sexual misconduct within correctional settings, including juvenile detention centers. PREA promotes best practice for prevention, detection and response to sexual misconduct within the facility.

PRISON RAPE ELIMINATION ACT ANNUAL REPORT 2024

The Prison Rape Elimination Act (PREA) requires that our facility collects and analyzes data... “in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices and training.” (Standard 115.388)

This report is completed in order to identify problem areas in order to take corrective action, compare data with proceeding years and to assess our facility’s progress in addressing sexual misconduct. (Standard 115.388)

This report is intended to provide information for calendar year 2024.

Facility Achievements in 2024

- The JVC was able to work with a PREA consultant to help with full implementation.
- The JVC was able to complete a “Mock” audit.
- Continued training for all employees on our zero-tolerance policy, the PREA standards, and how to fulfil their role as a mandated reporter.
- The PREA coordinator continues to meet with other PREA Coordinators from juvenile detention centers in the state to increase knowledge and share resources, the PREA Consultant as well as the coach for the TIPS grant through Impact Justice.

Corrective Actions

In 2024, the facility had been temporarily closed due to a major incident unrelated to PREA. We did not house any residents in our facility for more than one (1) night. We continued our training and worked towards PREA implementation during this time.
